

FATMA ASHRAF ELFAR

Junior Frontend Developer | Junior React Developer

El-Santa, Egypt • 01095964665 • fatmaelfar13@gmail.com • LinkedIn: linkedin.com/in/fatma-elfar • GitHub: github.com/Fatma-Elfar

PROFESSIONAL SUMMARY

Fourth-year Computer Science student at Tanta University (Cumulative Grade: Excellent) and Junior Frontend Developer with hands-on experience building responsive, dynamic web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Bootstrap. Completed 120-hour intensive React.js training at ITI and actively refining skills through DEPI. Solid foundation in REST API integration, state management with React Hooks, component lifecycle, and modern development workflows.

TECHNICAL SKILLS

- **Frontend Core:** HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Web Design, DOM Manipulation
- **React Framework:** React.js, Functional Components, JSX, Props, State, React Hooks (useState, useEffect)
- **Web & APIs:** RESTful APIs, Fetch API, JSON Handling, Dynamic Data Rendering, Single Page Applications (SPA)
- **Tools & Platforms:** Git, GitHub, Visual Studio Code, npm, Vite

EDUCATION

Bachelor's Degree in Computer Science — Faculty of Computers and Information, Tanta University

Cumulative Grade: **Excellent** | Expected Graduation: **2027**

TRAINING & PROFESSIONAL DEVELOPMENT

React.js Summer Training — Information Technology Institute (ITI) | 120 Hours | Jul 2026 – Aug 2026

- Completed 120-hour intensive program focused on building scalable single-page React applications, Hooks architecture, reusable UI component design, and dynamic REST API data rendering.

React.js Track — Digital Egypt Pioneers Initiative (DEPI) | 2026 – Present

- Engaging in project-based React development alongside professional career enrichment modules (Technical Proposal Writing, Business Communication, and Presentation Skills).

Frontend Development Course — Route Academy | Completed: May 2025

- Gained practical foundations in semantic HTML5, modern CSS3 styling, ES6+ JavaScript, and responsive Bootstrap layouts through hands-on website development.

KEY PROJECTS

Movie App [React.js, TMDB REST API, Bootstrap, Fetch API, React Hooks]

- Developed a feature-rich movie discovery web app with real-time search, category filtering, detailed modal/page views, and wishlist management using React Hooks (useState, useEffect).

Where in the World? [JavaScript (ES6+), REST Countries API, HTML5, CSS3]

- Engineered an interactive country directory with live keyword search, dynamic region filtering, and responsive data cards powered by asynchronous REST API calls.

Task Manager (To-Do List App) & Personal Portfolio [React.js, JavaScript, HTML5, CSS3, Bootstrap]

- Built a modular React task manager implementing stateful CRUD workflows, alongside a responsive personal portfolio highlighting project showcases, services, and contact channels.

PROFESSIONAL SKILLS & LANGUAGES

- **Soft & Workplace Skills:** Proposal & Bio Writing, Technical Documentation, Professional Emailing, Virtual Presentations, Negotiation
- **Languages:** Arabic (Native), English (B2 — Upper-Intermediate)
